

Silent

Silent

Silent is a chenille flatwoven quality, which is in our Comfort Collection.

Textaafoam launched this multicoloured quality in 2019 and it became successful rather quickly. Our development department got the assignment to extend the colour line of this nice article for the new 2020 collection. The result is a wide new range of commercial, trendy and fresh colours, in total now even 21.

The chenille yarns provide Silent an extra soft and voluminous hand feel. Kindly note that during daily use, a woolen / hairy aspect can appear, this can be taken away with a pilling razor and has no further influence on the quality or durability of this textile.

Silent is suitable for both fitted and loose fitting upholstery, it is yarn dyed and therefor a very stable colour consistency.

- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing,

Textaafoam originals Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.
